The image shows a detailed view of a solid hardwood door. The door features a classic six-panel design with decorative carvings between the panels. The wood has a warm, medium-brown tone. A silver-colored handle with a curved, ornate design is mounted on the door. The lighting is dramatic, highlighting the texture and grain of the wood.

Decorative Entryways

Imagine the Possibilities!

Impact Entryways

15 Years of Signature Service!

Signature Door is a manufacturer of exterior door units and decorative glass. We have been manufacturing at our Altoona, Pennsylvania facilities since 1989. We are proud of our ability to manufacture a beautiful entryway with special attention to detail, a tradition of Pennsylvanian craftsmen.

Signature Door manufactures Impact units in a variety of species which include: red and white oak; mahogany; cherry; pine; poplar; walnut; maple; cypress; sapele; alder and cedar.

Our custom capabilities are quite extensive, as we can bend and shape the different species to make curved panels, mouldings and custom transoms. We also manufacture the decorative glass at our plant, enabling us to make special sizes, colors and shapes.

The building industry is fashion driven and Signature Door Inc. is proud to be able to answer the call. We invite you to browse a few examples and allow us to design your new entryway!

All Signature Doors have our "signature" seal of approval... a brass engraved plate installed into the edge of the jamb.

For close-up of door, see back cover.

Where Beauty meets Strength

Signature Door entryways are Miami Dade County approved with design pressures up to +65/-80.

Double doors up to 8' wide and 10' high. Sidelights up to 4' wide and transoms up to 8' in height.

Hurricane-impact custom decorative glass.

**MADE IN THE
USA
IT MATTERS!**

Elegant entryways are the first impression of what lies within

Exquisite hardwood entryways, like fine furniture, add warmth to any home.

Whether your taste is elegant clear glass or beautiful decorative door lites, we have an answer for any decor.

Beautiful one-of-a-kind custom decorative glass designs are a Signature specialty.

Custom door carvings add a personalized touch to your dream entryway.
